## New Aura-Soma reference book with all current 103 Bottles

(the only book containing information on bottles 101 & 102 as of this date):

**"Color Notes on Aura-Soma (102 Dual Colored Bottles)"** Compiled by Fred Thompson October 2001

*This handy size book (8.5" x 5.5") is compact for easy access. The book is printed on durable stock paper and allows quick reference to the primary bottle information (with 4 bottles per open page). With the coil binding the book can remain open. This excellent book eliminates paragraphs of ancillary information that may not be immediately needed by color intuitives and practitioners in a flowing consultation using basic themes & keynotes.*

The content of the Book contains the short and long keynotes, themes and affirmations associated with each bottle next to a color representation of the bottle. The Book provides a basic introduction to Aura-Soma, color associations, the essentials of a four bottle selection, information on complementary colors and ancient & scientific perspectives on the attributes of light and color.

**English Version (Book 4A).** The price of the Book is \$ 25. When purchasing through the mail, shipping and handling charges are an additional \$2 per book. Make checks out to either **"Aura-Soma USA"** and send to the above address, or **"Institute of Sound, Color & Essence"** and send to 8117 Manchester Avenue, Suite 679, Los Angeles, CA 90293
